SATURDAY, 17th JULY 1937.

The Summer meeting of the Club was held to-day. About 40 members of the Club and their friends met at Park House, Cornhill. The President, Sheriff More, introduced Dr W. Douglas Simpson, who gave an account of the history of the Estate of Park and explained the particular features of the Mansion House, which was inspected by the party. Sheriff More moved a vote of thanks to Dr Simpson, who suitably replied.

The company was thereafter hospitably entertained to tea by Mrs Hardress Waller, and the gardens were visited. A cordial vote of thanks was accorded to Colonel and Mrs Waller.

*Dr Simpson's paper will be printed
later.*
